SAWN TIMBER

7-2016

TOP QUALITY PUTS US AHEAD

- ✓ Our outstanding Austrian mountain timber stands up to the toughest quality criteria.
- ✓ We have a wide and varied product line to choose from and we use cutting-edge production techniques.
- ✓ Quick and on-time deliveries are all part of the package.
- ✓ Our competent and dedicated staff ensure that order processing runs smoothly and flexibly.

SAWN TIMBER

If you are on the lookout for a reliable and steady business partner you can trust completely, you have come to the right place with Theurl. This is due to the superb Austrian coniferous wood and our up-to-date production techniques.

We offer a wide range of premium sawn wood, thanks to our versatile and efficient production equipment and we can turn round your custom orders without delay.

Our product range speaks for itself: fine-grained sawn timber in all current dimensions, scaffolding posts, laths, shuttering boards, packaging and stairs in all thicknesses and grades.

Sawn timber 8 - 16 cm, dry

Type of wood	Thickness mm	Width mm	Lengths	Unity	Quality	
					III-IV	III-IV-V
